FROM THE CHAIRMAN, 110th JUBILEE COMMITTEE.

On behalf of the Jubilee Committee, I would like to thank you all for coming to Fairlie at Labour Weekend.

It gave us a great deal of pleasure to see everyone enjoying themselves so much.

There is no doubt that friends made in your years at School are something special.

Alastair Munro.

FOREWORD TO "TEN YEARS ON".

Just over two years ago, a group of ex-pupils and teachers expressed interest in holding a Fairlie Schools Jubilee on the 110th Anniversary of the establishment of the Fairlie School in 1879.

In July 1987, a meeting was held to gauge interest for holding a Jubilee. Ten people attended, a decision made to press on, and a Committee formed.

Much behind the scenes work has proceeded in the last two years, culminating in the successful 110th Jubilee Celebration.

All the events went off with apparent smoothness, ex-pupils and teachers came from as far afield as Australia, and all parts of New Zealand from Northland to the far South, making the Jubilee a focus for family gatherings, catching up on the news from relations and friends.

This Booklet is intended to cover a pot-pourri of events from the past ten years only.

We hope it will serve to rekindle happy memories of the past Jubilee.

As our Schools enter a period of new administration, we wish them well.

We also wish each and everyone of you, our readers, a happy and healthy future.

A MESSAGE FROM THE PRINCIPAL OF FAIRLIE HIGH SCHOOL.

We live in a world of change. Who would have thought ten years ago that a government would turn the education system upside down ? If we look back further, we find that similar events have occurred before. Think of all those district schools which no longer exist.

What will the next century bring ? We have one consolation — our memories. It is important that we should celebrate and remember.

As our family leaves the district, we take with us our own warm memories of the past ten years.

Best wishes and good health.

Leo Jeffcott.

The second (and last) Principal of Fairlie High School.

A MESSAGE FROM THE PRINCIPAL OF FAIRLIE PRIMARY SCHOOL.

I have come to Fairlie when this district is celebrating one hundred and ten years of public schooling. It is a good time to reflect on the many changes that have taken place during this time. We have images of early Schoolmasters and Mistresses, box pleat gymfrocks, and walking many a dusty road to the nearest school in the district.

Over the years these pictures change: the uniforms change, the classrooms become lighter and more colourful, and the teachers acquire a "human" face, bringing us to the education system we know today.

Sitting in all those distant classrooms were the children - all there to learn as much and as well as they could in the style of the day, so that they were equipped to take their place in the world of today.

It is significant that as we reach another Jubilee occasion, a major change in school administration is taking place.

Although centrally funded, the present changes will allow the new Boards of Trustees to make decisions on how to use the funds in their community.

So we see that the old has become new as we once again develop a more community based education for our children.

I feel privileged to be in Fairlie as these changes are being made. I hope that all who are here at the Jubilee make the most of the opportunity to meet together and share the many memories of their old school days.

110th JUBILEE CELEBRATIONS.

20th OCTOBER to 22nd OCTOBER 1989.

More than 400 past pupils and staff gathered at Labour Weekend to celebrate the 110th Jubilee of the Fairlie Primary, High School, and the seven Contributing Schools.

The weekend began on the Friday evening in the School Assembly Hall where the President of the organizing Committee, Alastair Munro, welcomed everyone. The oldest pupil present was 96 year old Margaret Armstrong, nee Ross, who started as a pupil of Ashwick Flat School in 1899. She was presented with a spray by Joyce Allison. The Hall buzzed with the sound of many voices greeting old school friends.

Although the weather looked ominous, the rain held off for the Saturday afternoon functions which started with a 1.00 p.m. welcome to all, followed by a ceremony at the School Memorial to honour those who fell in World Wars. This was led by Tony Gallagher, President of the Mackenzie Returned Services Association, and a wreath was laid by Laura Williams, Primary School, Michelle Campbell and Anna Knowles, High School.

Next came the Roll Call by Nick Farr, and the taking of the Decade photographs by Les and Lindsay Riddle. A Display in the Open Plan Building created a great deal of interest. There were old photographs showing school classes and activities, and memorabilia from Grandma's day. Present day pupils contributed various articles for the display which was organized by the Primary School Principal, Nick Farr.

Saturday evening saw 250 people attending a Ball in the new Community Centre. Music was supplied by the "Apprentices" who expressed delight at the enthusiasm shown by the dancers. The Grand March, a highlight of the evening, was led by the President and his wife, Lucy, to the music of the bagpipes, played by John Campbell. A delicious supper, provided by the Charity Caterers, added to the enjoyable evening.

Sunday morning, a well attended Church Service was held at St. Columba Presbyterian Church, conducted by a past pupil, Shirley Mangin, nee Reid. The Bible Readings were taken by Alastair Munro and Cecily Casey, nee Edwards, and the Prayer of Intercession by Bill Barwood. Unfortunately rain curtailed some planned sporting activities for the afternoon.

The culmination to the weekend celebrations was a Banquet provided by the Poplars and attended by 320 people in the Community Centre. The main speakers were ex-pupils, namely Owen Ward, Max Edward, and Jim Gilchrist. The Jubilee Cake, iced by Ian Crampton in blue and gold, the school colours depicting the emblem, was cut by Kathleen Perry, nee Bell, helped by her husband Bill.

The fact that people were reluctant to leave was a fitting tribute to a memorable weekend of fun and fellowship.

Contributed by Myra Wright and
Mary Macdonald.

MEMORIES OF FAIRLIE.

Here we are in Fairlie,
after many years away.
To celebrate this Re-Union,
and enjoy this special day.

Let our memories go back,
to school days long ago.
Of weeks of frozen roads,
and several falls of snow.

Yet Summer was so hot,
it would burn you every day.
The fierce North-West wind
to blow the leaves away.

I remember a plate glass window
that broke with the heat.
Those terrible cold times,
with chilblains on my feet.

Children rode ponies to school,
some walked for many miles,
Arriving about 9 a.m.
and all those chuckles and smiles.

When the Fairlie Flyer used to run,
It was used in some way by everyone,
Farmers for their wool and grain,
All left Fairlie by the train.

Shop supplies and the mail,
came with coal and hotel ale,
Stock crates, forty or more,
For lambs to the works score by score.

Senior school children used to go to school,
I heard stories of them acting the fool,
Passengers would travel to and fro,
The Flyer stopped anywhere to take them where to go.

Soldiers and horses left for camp,
Loaded on the platform not up a ramp,
Clydesdales from Allandale,
going to a show or a sale.
Farm Hands stopping for a glass of ale.

The Community Centre would be the envy of them all,
A mighty effort for a town so small,
The Mackenzie Cook Book now has fame,
Thanks a million to Jenny Rayne.

A drive to the Mackenzie from Timaru
is one everybody should do.
Rivers, mountains, sunshine and snow,
You would never see better no matter where you go.

Robert E. ("Snow") Dunn.

Whatever happened to them is immaterial as they still are a part of all those who attended them.

The memories of school days spent in them are still with their ex-pupils, some of whom went on to become famous in their various fields of endeavour.

Most of the memories will be good ones, and exploits of pupils and teachers may have been enlarged upon over the years. Many of these memories will be shared at this Jubilee.
